I know you're busy with wartime duties.

I know you have more important notes to write -- on V-mail stationery.

But I also know that you are the most important person to the motion picture industry. All of us at Warner Bros. know it.

Because it is your judgment -- of such pictures as "Sergeant York" and "Yankee Doodle Dandy" and "This Is The Army", to name a few -- that has made "Warner Bros." stand for the best in entertainment.

And today, you may see a Warner picture that I sincerely believe is one of the finest we've made in thirty years.

It's called JANIE.

JANIE is one of those pictures that is simply crammed full of heart-warming happiness and laughter. I'm sure you'll walk out of the theater chuckling -and you'll chuckle every time you think of JANIE, for a long long time to come.

Because we made JANIE for you -because we're so sure you'll agree with our judgment -- I wish you'd let me hear from you.

I think you'll want more Warner pictures like JANIE.

Sincerely,
